

*For Organized Labor, By Organized Labor*

December 2022

## **WELCOME IBEW LOCAL 150 WELFARE FUND PARTICIPANTS!**

Effective January 1, 2023, Sav-Rx Prescription Services will administer your pharmacy benefit on behalf of IBEW Local 150 Welfare Fund. Sav-Rx, a family-owned Union company, is honored to serve you with our complete line of pharmacy services.

Sav-Rx Prescription Services and the International Brotherhood of Electrical Workers in 2003 focused on creating lower cost prescription drug pricing, while building a comprehensive network of pharmacies which support union labor. Due to the IBEW Coalition's focus on Union Labor, Walmart and Sam's Club pharmacies are excluded from the Sav-Rx retail pharmacy network due to their anti-Union practices.

**Watch the mail for your new combined pharmacy and medical ID card from Blue Cross Blue Shield.** You will need to present your new ID card to your pharmacy beginning on January 1, 2023, to utilize your full prescription benefit and guarantee the lowest possible price for your medications.

Enclosed in this packet are reference materials we hope you find helpful:

- **Brochure:** The brochure includes a brief benefit overview, information that may help save you money on your medication, information on our patient portal, and information on how to obtain your prescriptions.

**NEW BENEFIT ENHANCEMENT!** You can now receive a 90-day supply of your maintenance medications at retail pharmacies that are contracted in our Walk In Mail Order Network for your mail order copay. To find out if your pharmacy participates, please visit the LOCATIONS tab on our website, [www.savrx.com](http://www.savrx.com), and enter your zip code and group IBEW150.

We are anticipating receiving all available refills to be transferred to us from your current mail order pharmacy on January 1, 2023. Please contact us when you need your mail order refills. If your refill was not included, we will reach out to your physician to obtain your order. Our pharmacy technicians will ensure your orders are handled with quality and care in mind.

Please call Sav-Rx at 1-866-233-IBEW (4239) with any questions concerning your prescription benefits. You will receive personalized, professional assistance from a live IBEW Local 2001 representative 24 hours a day, 7 days a week, 365 days a year. We look forward to assisting you with all your prescription needs.

Sincerely,

Jennifer Wiseman,  
Vice President of Client & Customer Services  
Sav-Rx Prescription Services
